Erwin, TN 37650**

**EPA Identification Number: TND 00 309 5635
Permit Number: TNHW-108
Class 1 Modification Number: 9 (A-817)**

Because you have requested to be kept informed of such matters, Nuclear Fuel Services, Inc. (NFS) is providing the required notice for a Class I modification to its existing Hazardous Waste Management Part B Permit (TNHW-108).

This modification reflects changes made to the “Weekly Fire Alarm Panel Test” inspection log located in Attachment 4 of the referenced permit. A new fire alarm panel was installed and the inspection log was updated. NFS submitted a revised copy to the Division of Solid Waste Management (DSWM) on May 31, 2007. The revision to the inspection log does not alter permit conditions or reduce the capacity of the NFS facility to protect human health or the environment. The DSWM has reviewed and approved this change as a Class I Permit modification.

Thank you for your interest in our facility.

Sincerely,

NUCLEAR FUEL SERVICES, INC.
